Squeaky Clean Team is Melbourne's specialist carpet cleaning and water damage restoration service, delivering expert solutions for residential and commercial properties throughout Melbourne and the Mornington Peninsula. With extensive knowledge and advanced techniques, we don't just clean carpets – we restore them to their original condition.

Our team specializes in deep carpet cleaning with particular expertise in stubborn stain removal, especially pet stains, odors, and organic matter. We understand the unique challenges pet owners face and use professional-grade equipment and

~~enzymatic treatments to completely eliminate stains and odors at the source, not~~

just mask them.

As water damage restoration specialists, we respond quickly to flooding, burst pipes, and water emergencies throughout Melbourne and the Mornington Peninsula. Our comprehensive water damage services include water extraction, structural drying, moisture detection, mold prevention, and complete carpet and upholstery restoration. Time is critical with water damage, which is why we offer rapid response across all Melbourne suburbs and the Mornington Peninsula to minimize damage and prevent long-term issues like mold growth and structural deterioration. We use state-of-the-art cleaning technology, eco-friendly products, and proven restoration techniques backed by years of hands-on experience. Our fully trained and insured technicians have the expertise to handle everything from routine carpet maintenance to complex water damage scenarios. Whether you're dealing with persistent pet stains, need professional carpet deep cleaning, or require emergency water damage restoration, Squeaky Clean Team services Melbourne and the Mornington Peninsula with the knowledge and equipment to deliver exceptional results. Contact us for expert carpet care and water damage solutions you can trust.
